

South Devon Coastal Renewable
Energy Network (SDCREN)

Ground/Air Heat Pump Expedition

Wed. October 5th 2011

9.00am—5.00pm

Minibus-leave from/return
to The Quay, Kingsbridge

Cost: £15 per person

Live or work in southern South Hams?

Are you keen to install a Ground or Air Source Heat Pump to reduce heating bills, gain Renewable Heat Incentive (RHI) payments and secure low cost, low carbon heating for the future.?

Join us on a bus tour of 4 exciting examples of heat pumps

- Bore hole loop ground source heat pump
- Horizontal loop ground source heat pump
- Air source heat pump (small and large scale)

See these exemplar models first hand and talk to the owners and the installer about true costs, benefits and solutions to problems encountered along the way

To book call: **01752 235180** or Email: karl@energyactiondevon.org.uk

Mob. **07739351184**
